INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Restoration Ministries, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompany financial statements of Restoration Ministries, Inc. (the Organization), (a nonprofit organization), which comprise the statement of financial position as of December 31, 2023 and 2022, and the related statements of activities, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Restoration Ministries, Inc. as of December 31, 2023 and 2022, and changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted on the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Restoration Ministries, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about Restoration Ministries, Inc's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Restoration Ministries, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events considered in the aggregate, which raise substantial doubt about Restoration Ministries, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

RESTORATION MINISTRIES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

(1) NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Restoration Ministries, Inc. (“the Organization”) was organized on February 2, 1988. Restoration Ministries, Inc. is involved in many charitable activities throughout the community. The primary activities are Harvey House and Tabitha House, residential programs which provide spiritual, vocational and leadership training to former convicts and drug addicts in Harvey, Illinois.

The financial statements were available to be issued on October 1, 2024 with subsequent events being evaluated through this date.

The following summarize the significant accounting policies and practices reflected in the accompanying financial statements:

Basis of Accounting -

The financial statement of the Organization has been prepared on the accrual basis of accounting which recognizes revenues as they are earned and expenses as they are incurred.

Basis of Presentation -

Financial statement presentation follows the recommendations of the Accounting Standards Codification (ASC), *Financial Statements for Not-for-Profit Organizations*. Under the ASC, the Organization is required to report information regarding two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Without donor restrictions - Net assets that are not subject to donor-imposed stipulations and may be expensed for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of management and the board of directors.

With donor restrictions - Net assets subject to donor-imposed stipulations. Some donor restrictions are temporary in nature: those restrictions will be met by either the actions of the Organization and/or the passage of time. Other donor restrictions are perpetual in nature, where the donor has stipulated the funds be maintained in perpetuity.

Cash and Cash Equivalents -

The Organizations considers all highly liquid short-term investment with original maturities of three months or less to be cash equivalents. The Organization maintained its cash and cash equivalents account in institutions guaranteed by the Federal Deposit Insurance Corporation (FDIC), At times throughout the year, cash balance may be in excess of the FDIC insurance Limit.

Inventory -

Inventory consists of merchandise held for resale. Inventories are stated at cost, determined on a first-in, first-out basis. As of December 31, 2023 and 2022 the Organization had inventories of \$9,875 and \$9,616 respectively, consisting of mattresses and bed frames purchased for resale in the thrift shop.

(1) NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:
(Continued)

Rental Income -

Rents are recognized as income on the accrual basis as they are earned. Advance receipts of rental income are deferred and classified as liabilities until earned. All leases between the Organization and tenants of the property are considered to be operating leases and have terms of one year or less.

Revenue recognition under a lease begins when the lessee takes possession of or controls the physical use of the leased asset. Generally, this occurs on the lease commencement date. Lease income, for leases that have fixed and measurable rent escalations, is recognized on a straight-line basis over the term of each lease.

Property and Equipment -

Property and equipment are stated at cost. Donated assets are recorded at their fair market value on the date of donation. The Organization capitalized all the expenditure for the fixed assets over the amount of \$3,000. Depreciation is calculated using the straight-line method over the estimated useful lives of the respective assets, ranging from 5 to 40 years for buildings and building improvements, 5 years for vehicles, 5 to 10 years for furniture and equipment, and 3 years for website costs.

Upon sale or retirement, the cost and related accumulated depreciation eliminated from the respective account and the resulting gain or loss, is included in the statement of activities. Repairs and maintenance charges are expensed as incurred. Depreciation expense for the year ended December 31, 2023 and 2022 was \$264,539 and \$268,024 respectively.

Revenue Recognition for Contributions -

The Organization recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give; that is, those with a measurable performance or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. Contributions resulting from split-interest agreements, measured at the time into which the agreements are entered, are based on the difference between the fair value of the assets received or promised and the present value of the obligation to the third-party recipient(s) under the contract.

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the assets, or if they are designated as support for future periods. When a donor restriction expires; that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

(1) NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:
(Continued)

Leases -

The Organization determines if an arrangement is a lease or contains a lease at inception of the contract. The Organization's operating leases are presented in operating lease right-of-use assets, current portion of operating lease liabilities, and long-term portion of operating lease liabilities in the accompanying statement of financial position. The Organization's finance leases are presented in finance lease right-of-use assets, current portion of finance lease liabilities, and long-term portion of finance lease liabilities in the accompanying statement of financial position.

Both operating lease and finance lease right-of-use assets and lease liabilities are measured based on the present value of future lease payments over the lease term at each lease's commencement date. As most of the Organization's leases do not specify their implicit rate, the Organization has elected a practical expedient to use the nominal yield, at lease inception, applicable to U.S. Treasury instruments with a maturity of similar length of the lease term.

Operating lease right-of-use assets include all fixed contractual lease payments and initial direct costs incurred by the Organization, less any lease incentives the Organization receives from the lessor. The Organization has elected a practical expedient to account for lease and non-lease components together as a single lease component. The terms of the Organization's leases generally contain lease payments and reimbursements to the lessor of the Organization's proportionate share of common area maintenance (CAM), real estate taxes and other pass-through charges. Only the fixed lease components are included in the right-of-use assets and lease liabilities. Additionally, the Organization has elected not to apply these lease accounting policies to leases with a term of one year or less at the commencement date.

Operating lease expense for lease payments is recognized on a straight-line basis over the terms of each lease. Variable lease components include CAM, real estate taxes and other charges and are recorded as lease expense as incurred. Finance lease expense is recognized in two separate components, the interest expense on the lease liability and amortization of the right-of-use asset.

The Organization's leases can contain options granting the right to renew or extend the term of the lease for specified option periods. The decision as to whether the Organization will exercise the renewal options is generally at the Organization's sole discretion. The Organization includes lease extensions in the lease term when it is reasonably certain that the Organization will exercise the extension. The Organization did not have any operating leases for the years ended December 31, 2023 and 2022.

Program Income -

The Organization receives program income from individuals who participate in the Harvey Boxing Club, Sullivan Arts, and After School programs. These services are considered a single performance obligation which is satisfied at a point in time. The performance obligation is met, and revenue is recognized when the services are provided to the individuals.

Store Income -

The Organization operates a thrift store where it sells donated clothes and household items. The transaction price is the amount of consideration to which the Organization is expected to be entitled in exchange for the transferring goods to the customer. Store income is recognized at the point of sale, which is when the Organization's performance obligation is satisfied. The store does not provide refunds on any sales.

In-Kind Contributions -

The Organization received contributed nonfinancial assets that includes donated clothes, household goods, other items, and food. Contributions of clothing, household goods and other items to the Organization's thrift store are recognized as in-kind donations when the items are sold as it provides the best estimate of the fair value of these items. The expense for these donated items is included in the program expenses of the Thrift Shop operations in the accompanying statement of activities.

Contributions of donated food, as well as the related donated food distributed expense, is estimated using respective pound of food at a weighted-average wholesale price per pound by product category, as determined by Greater Chicago Food Depository (GCFD). The Organization treats donated food as a contribution without donor restrictions and records the revenue upon receipts based on the pounds of food contributed during the year.

Income Taxes -

The Organizations has been determined by the Internal Revenue Service to be exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income tax has been established. The Organization files income tax returns in the U.S. federal jurisdiction and Illinois. With few exceptions, the Organization is no longer subject to U.S. federal, state and local, or non-U.S. income tax examinations by tax authorities for fiscal years before 2020. The Organization does not expect a material net change in unrecognized tax benefits in the next twelve months.

Use of Estimates -

The Organization prepares the financial statements in conformity with generally accepted accounting principles, which require the use of estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Allocation of Expenses -

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include personnel wages, taxes, fringe benefits, depreciation, in-kind expenses, professional fees, supplies, and utilities which are allocated on the basis of estimated of time and effort.
